

My New Planet

Read about Martin's new planet and complete the fact file below.

Hi! I'm Martin. I found a new planet in the solar system. It's Rocketune. It's green and it looks like a rocket. It's ten thousand five hundred and forty-two kilometres wide and it's two million kilometres from Earth. It has three pink moons around it. Next week I'll fly with my space station to Rocketune. I'll take some food, my tablet and my ball to do some exercise.

	Martin	You
1 Name of planet	<i>Rocketune</i>	
2 What does it look like?		
3 How wide is it?		
4 How far is it from Earth?		
5 Has it got any moons?		
6 When will you go there?		
7 What will you take?		

Think about your new planet. Complete the 'you' column. Then write about your planet and draw it.

Hi! I'm _____. I found a new planet in the solar system. _____
