

# My little planet

## Read and draw the planets

This planet is very hot and has got five volcanoes. There are lots of stars around it.

This planet is very cold and has got a lot of rocks. There are also 3 moons here.

Lots of large aliens live on this planet. They are very ugly.

This planet is very pretty and colourful. It has got a lot of flowers.

This planet is very bright and it is sunny everyday. This planet has got lots of water.

This is my favourite planet. It has got all of my favourite toys and food. I like this planet the most!
