

# Shooting for the Stars

## Our Planet

We live on planet Earth. Our planet is covered in land and water.

In the water, there are lots of amazing fish and sea creatures.

On land, we build houses, grow plants and take care of animals.

## Our Solar System

The Sun is at the middle of our solar system. There are 8 planets in our solar system that all move around the Sun.

The planet closest to the Sun is Mercury. The planet furthest away from the Sun is Neptune.

## The Moon

The Moon travels around the Earth. Astronauts travelled to the Moon in a rocket to see what they could find.

## Did You know?

The first astronaut to land on the Moon was Neil Armstrong in 1969.

# Questions

1. What is the name of the planet that we live on? Tick one.

Jupiter

Earth

Mars

2. Where do fish live? Tick one.

on land

in water

in trees

3. What is in the middle of our solar system? Tick one.

Mars

the Sun

the Moon

4. Who has travelled to the surface of the Moon? Tick one.

doctor

astronauts

firefighters

5. Choose an answer from the drop down menu to complete each sentence.

On land,

The Moon travels

The planet closest to the Sun is
